	 BY NC ND	N	N	N	N	N	N	N

The table above is a basic introduction to which Creative Commons licenses can be used based on the type of final product you are building. Please note that there are nuances which are not represented here. This table is based on a final product that remixes content into an integrated (blended) final product rather than into an anthology of separate works.

Combining licenses table by Suzanne Wakim is licensed as [CC-BY](#)
