Summer and Fall 2019 Short-Term OER Development Projects

Greetings!

If you have not yet seen the Request for Proposals (RFP) that was distributed on May 7, please find it on the [ASCCC OERI webpage](#). Please be sure to share it with your colleagues as soon as possible. As we are trying to complete the RFP process before you and your colleagues have departed for the summer, the turn-around is a quick one. The applications are due at 5 pm on May 30. Late applications will not be accepted. Funding determinations will be made by June 10. Please note that applicants do not need to have completed a “letter of interest” in order to apply. Hopefully the letters that were prepared will simplify the preparation of the application.

Informational office hours will be held via Zoom at the following dates and times to address questions pertaining to the application process. Access the office hours by logging into Zoom and using the meeting ID oer4all or via this link: <https://cccconfer.zoom.us/my/oer4all>

- Tuesday, May 14, 11:00 am-12:00 pm
- Thursday, May 16, 1:00-2:00 pm
- Friday, May 17, 12:00-1:00 pm

Discipline Surveys

In our on-going effort to assess OER use across the colleges, we have asked your OER Liaison to distribute a short survey to your faculty in specific disciplines. This is a shorter survey than we have distributed previously in an effort to increase response rates. For those who are not using OER, survey completion should take less than a minute. For those who are using OER, we look forward to gathering information regarding their use. **These surveys are due May 31, 2019.**

After a very busy 1st term, what's next for the ASCCC OER Initiative? What has been accomplished since the Initiative's initial launch, what will be happening over the summer, and what can you expect in the fall? Join us for this end of the term debrief. Bring your questions, observations, and suggestions.
