

ASCCC OERI 2021 Request for Proposals (RFP III)

Proposal Template

Responses to this Request for Proposals (RFP) are due at 5:00 pm, April 19th, 2021. All proposed projects must be completed by May 10th, 2022.

The submission portal will be available on March 22nd, 2021. [All information related to the RFP will be available on the ASCCC OERI website.](https://www.asccc-oeri.org) (asccc-oeri.org)

The application will be submitted via an online portal. The narrative elements should be prepared in a word processing program and submitted in the space provided. The proposal template is available as a Word document to permit you to compile all necessary information and prepare all narrative responses. The Proposal Evaluation Rubric that will be used to guide the scoring of applications at the end of this document.

A. Proposal Overview

1. Project Proposal Title - Title should be informative and must reference:
 - a. The course or courses your resource would support by C-ID designation (if available) and/or title.
 - b. Your product/deliverables.
2. Faculty Lead Identification and Contact Information (must be a California community college faculty member, part-time or full-time)
 - a. Name
 - b. College (part-time faculty should indicate all the colleges they have taught at during the 2020-2021 academic year)
 - c. District (part-time faculty should indicate the district in which they most commonly teach)
 - d. Discipline
 - e. e-Mail
 - f. Telephone
3. Project Team - **Collaboration across at least three districts is a required component of all proposals.** Collaborators should all be anticipated users of the proposed OER. Submissions not providing evidence of required collaboration will not be evaluated. Collaboration is a required element as your product must be designed to serve the state, not a local course, program, or college.

- a. Please identify all team members, noting their discipline/position, district(s), and role. The reason for each person’s involvement in the project should be clearly delineated.

Name	*College (s)	**District	Anticipated User of Proposed OER (Y/N)	Discipline/ Position	Role

*Please enter all the colleges each team member has taught for during the 2020-2021 academic year.

**As collaboration across districts is required, please enter the team member’s primary district during the 2020-2021 academic year.

- b. If any of your team members are not California community college (CCC) faculty, staff, or students, please explain the rationale for their inclusion. (narrative)
- c. Collaboration Plan - Explain how your team will collaborate and how you will ensure that diverse perspectives inform your final OER. (narrative)

4. Project Deliverable(s)

Please identify which of the following you are proposing to do (select one):

- a. Make an OER text-equivalent available for a course commonly taught in the CCCs for which it has been established that OER are lacking.
- b. Improve upon an existing OER text-equivalent for a course commonly taught in the CCCs.
- c. Develop an ancillary resource or resources that will increase the likelihood of OER adoption by supplementing an OER text-equivalent that is currently in use for the teaching of a course commonly taught in the CCCs.

For Career Technical Education (CTE) programs, please presume that “commonly taught in the CCCs” refers to all colleges that have the specified CTE program.

- 5. OERI Statewide Course Priorities - Indicate which of the following course priorities your proposal most directly addresses. In the “Project Description” section you will describe how the proposed project will meet the indicated priority. (select only one)
 - a. Text-equivalents or ancillaries for required courses in Associate Degrees for Transfer for which OER are generally not readily available.
 - b. Text-equivalents or ancillaries for career technical education (CTE) programs for which OER are generally not readily available.

- c. Text-equivalents or ancillaries for commonly-taught general education courses for which OER are generally not readily available.
6. OERI Initiative-Related Priorities - Indicate which of the following initiative-related priorities your proposal most directly addresses. In the "Project Description" section you will describe how the proposed project will meet the indicated priority. (select only one)
 - a. Resources explicitly addressing equity concerns.
 - b. Resources that support the implementation of AB 705.
 - c. Resources that support the implementation of guided pathways.
 - d. Enhancements to available OER to better serve the students of the CCCs.

B. Project Description

The general description provides an overview of your project. Be sure to address all of the following and clearly explain your final product. Be sure that the connections to the identified priorities are explicit. (narrative)

1. Please provide a brief description of the proposal. Be sure to identify the target course or courses that your project is intended to support. Explain why the proposed resource is needed. If the resource is a revision to or an ancillary for an existing OER text-equivalent or a new text-equivalent, be sure to identify the existing text-equivalent or discuss the need for a new resource. If you are proposing to develop a new text-equivalent, be sure to address why any existing resources are insufficient.
2. Explain how the proposal aligns with the course and initiative-related priorities you identified.

C. Budget and Action Plan

1. Funds Requested (select one)
 - a. Standard Scale (\$1,000-\$10,000)
 - b. Medium Scale (\$10,001-\$20,000)
 - c. Large Scale (\$20,001-\$30,000)

Note: If an initial review of your budget suggests it was inappropriately categorized, the OERI reserves the right to make adjustments to budgets and funds requested.

2. Budget Summary - Please list the types of activities which, if awarded, you would fund to achieve the product, affixing a dollar amount to each. Funding for travel, hardware, or dissemination activities will generally not be provided. But, if such funds are deemed imperative, please provide a rationale to justify an exception. When identifying pay for faculty or other individuals, please specify the hours of work involved and an hourly pay rate. For faculty, please use \$60 as the hourly rate of pay. If you have identified a need for professional assistance, such as a copy editor or a licensing expert, please determine the costs associated with such services and use those figures when preparing your action plan. (narrative)

3. Action Plan - Identify timelines and responsible parties for all activities. Your timeline should specify three interim project deadlines and deliverables that are aligned with the following:
 - a. August 16, 2021 - 1st check-in product (*25% completion)
 - b. October 12, 2021 - 2nd check-in product (*50% completion)
 - c. December 13, 2021 - 3rd check-in product (*80% completion)
 - d. February 14, 2022 - product distributed to reviewers
*Defined by applicant.
4. Be sure to indicate where, when, and how collaboration will occur. (narrative)
5. Other Funding - Do you have other funding sources that are paying for portions of the project? (for example – sabbatical projects, payment from private entities, or grant funding).
 - a. No.
 - b. Yes.
If yes, please explain how this funding will augment the other funding source. (narrative)

D. Award Criteria

Please provide information on each of the following. All of the following elements of the application permit a narrative response. Responses should be concise. If an element does not apply to your proposal, please indicate “NA.”

1. **Statewide impact as assessed by the number of courses and colleges potentially impacted.** Estimate the number of courses and colleges who would potentially adopt your product. (narrative)
2. **Potential for student savings.** List the cost of existing resources which your product would replace. List any other savings your proposal would create for students. (narrative)
3. **Impact of the project on OER, such as the development of high quality resources in areas for which no other OER are currently available.** Provide a brief assessment of the existing OER, if any, in the discipline of your proposal and assert how your product would meet this criterion. (narrative)

E. Support Needed and Acknowledgement of Licensing Requirement

1. Support Needed - Basic training will be provided to all awardees with respect to the following:
 - a. The use of OER authoring and curation tools.

- b. Copyright and licensing.
- c. Accessibility.

Please indicate any other support you anticipate needing. (narrative)

2. Acknowledgement of Licensing Requirement

All products completed with these funds must be licensed as CC BY or CC BY-NC. All applicants must indicate their acceptance of this requirement.
