Understanding Creative Commons licensing is critical when creating OER and accessibility is always important when developing content. In this interactive webinar we’ll explore the nuances of the various Creative Commons licenses, discuss when resources can be mixed, and explain the difference between a remix and a collection. We will also share the OERI’s Accessibility Checklist. The Checklist was created to ensure that OER developers are addressing accessibility fundamentals during the development process. Ample time will be provided for questions and discussion.
Topics

Licensing

Self-paced OER class

What licenses can you use when:

• Revising a single work
• Remixing multiple works
• Creating collections

Accessibility

Self-paced accessibility class

Checklist:

• Headings and Styles
• Images
• Links
• Lists
• Tables
• Media
